AMERICHEM APPOINTS NEW COMMERCIAL DIRECTOR AT SHANGHAI REPRESENTATIVE OFFICE

SHANGHAI, China, Aug. 21, 2007 – Americhem Inc., a worldwide provider of custom color and additive solutions for polymer-based products, is pleased to announce the appointment of Stanley Teoh to the newly created position of Commercial Director at their Shanghai Representative Office.

Teoh most recently worked for Elementis Pigments Inc., where he held the position of Commercial/Business Director responsible for Asia. He has also held various technical and commercial positions at Elementis since 1998. Prior to this, Teoh worked as a regional sales manager at Esterchem (M) Sdn. Bhd. and as the department head of quality systems for Palmex Industries Sdn. Bhd.

“Stanley’s extensive management experience, combined with his background in chemical engineering, make him a valuable addition to Americhem,” said Clay Wedan, Americhem’s Managing Director of the Asia Pacific Region. “He has a proven record of inspiring great things as a leader, and we’re confident his team will consistently exceed our expectations.”

Teoh will be responsible for developing and maintaining client relationships in Asia, and providing leadership and sales management for the region. He will also work to establish policies and coordinate customer service support to meet customer needs. Teoh will report directly to Clay Wedan and indirectly to Frank Copa.

“I’m looking forward to working with a leading company that’s always on the cutting edge,” says Teoh. “When you’re backed by the latest technology and always have a new solution to offer your clients, it makes it easy to build and maintain lasting partnerships. The team assembled in Shanghai is world class, and I’m happy to have been given this opportunity.”

Teoh completed his MBA at the University Portsmouth (UK) in 1998 and his undergraduate degree in Chemical Engineering from the University of Nebraska in 1992. Teoh, his wife and child will be relocating to the Shanghai area to assume his new position at Americhem.

ABOUT AMERICHEM

Americhem is a global organization that delivers custom color and additive solutions for clients seeking superior performance and batch-to-batch consistency for their polymer products. The company specializes in color and additive masterbatches, and single pigment dispersions, all backed by complete technical support that ensures quality, reliability and value. Americhem operates eight manufacturing plants and also maintains representative sales offices in Shanghai, Seoul, Mexico City and Luxembourg. Corporate research & development facilities and headquarters are located in Cuyahoga Falls, Ohio. For more information visit Americhem.com or call 800.228.3476.
