AMERICHEM TO EXHIBIT AT UPCOMING CHINAPLAS TRADE SHOW

SUZHOU, CHINA (APRIL 5, 2010) – Americhem, Inc., a global provider of custom color and additive solutions for polymer-based products and synthetic fibers, will exhibit at ChinaPlas 2010 to be held April 19-22, 2010 at the Shanghai New International Expo Center in Shanghai, China.

Americhem’s display, located in Hall W1, Booth # W1N57, will feature the company’s latest products, including nGrain™ simulated woodgrain effects, nDuramax™ high performance UV stabilizers, and a new line of antimicrobial masterbatches. The display will also feature a variety of end-use products containing Americhem color and additive masterbatches. These will include polymeric building products, synthetic fibers, nonwovens, durables, and products made from engineering polymers.

This will be the company’s first time exhibiting at ChinaPlas. Stanley Teoh, the company’s commercial director for Asia commented, “This event has long been the most prestigious trade show for the Chinese and to a greater extent, Asia’s plastics industry. Our presence emphasizes our confidence and commitment to the fast growing Asia Pacific region and to the Chinese plastics market.”

The company operates a 35,000-square-foot full-service ISO 9001 certified manufacturing facility in Suzhou Industrial Park. “Since we built our plant in China in 2006, our focus has been on high quality colors and additives for synthetic fibers, engineering resins and durable goods,” continued Teoh. “We have recently transferred many new technologies for plastics from our North American and European plants. This will enable us to better serve the Asian plastic industry with innovation and product improvements.”

About Americhem

Americhem is a global organization that delivers custom color and additive masterbatch solutions for clients seeking superior performance and batch-to-batch consistency for their polymer products. The company specializes in color and additive masterbatches, and single pigment dispersions, all backed by complete technical support that ensures quality, reliability and value. Americhem operates six manufacturing plants and also maintains representative sales offices in, México City and Luxembourg. Central Research & Development facilities and headquarters are located in Cuyahoga Falls, OH. For more information visit Americhem.com or call +86-512-8818 3310
