

## AMERICHEM PLANS EXPANSION OF ITS MEDICAL MANUFACTURING FACILITY IN MORRISVILLE, PENNSYLVANIA

**CUYAHOGA FALLS, Ohio (January 29, 2019)** – [Americhem](#), a globally recognized designer and manufacturer of custom color masterbatch, functional additives, engineered compounds and performance technologies, is expanding its manufacturing capacity with a dedicated white room compounding space at its Morrisville, Pennsylvania location. Construction is planned to begin this summer.

The facility will also house a design center to provide customers with an opportunity to work directly with technical experts to speed up their development process. “This expansion solidifies our commitment to the development and manufacturing of medical compounds,” stated Matthew Hellstern, CEO, Americhem.

“We have a long history of providing medical manufacturers customized material expertise that adheres to FDA and USP standards. These certifications help brand owners mitigate development risk during their regulatory approval process,” explained Jim Figaniak, Vice President and General Manager, Americhem Engineered Compounds. Americhem Engineered Compounds also offers a line of proprietary medical compound solutions manufactured in ISO 13485 certified facilities.
