

## Americhem Announces New Webinar Series

**Cuyahoga Falls, Ohio (May 11<sup>th</sup>, 2020)** – Americhem, a globally recognized designer and manufacturer of custom color masterbatch, functional additives, engineered compounds, and performance technologies, has announced a new webinar series that will start on May 14<sup>th</sup>, 2020.

“Antimicrobials in Plastics 101” is the webinar class that will teach you how antimicrobials make the everyday items around us inhospitable to microbes and how you can use them as additives in masterbatch and compound polymeric solutions. And your burning questions answered on the spot!

Key Takeaways:

- What is an antimicrobial & how does it work
- What are the benefits of using antimicrobial additives
- Which end applications are antimicrobials used in
- And your burning questions answered on the spot!

Event Details:

- Thursday, May 14th
- 9:00 - 9:30am EST
- Presented by Americhem's Matthew Miklos and Dr. Vaman Kulkarni
